AURUM ZIMBALI LAKES

Where the sun rises

So much more than a conveniently-located address, Aurum within Zimbali Lakes, KZN South Africa. The green inspired lifestyle includes nature trails, 18 hole golf course, beach club house and sporting facilities within the secure gated estate on the sought-after KZN North Coast. The benefits of owning an EDGE-certified home are enjoying lowered utility bills, improved occupant health, comfort and well-being. Residents can also monitor their energy and water usage through smart meters. Green buildings also yield higher sales values, higher rentals, lower tenant and owner turnover, as well as realising faster...

Features

- ✓ Internation Property Award Winner
- ✓ Next Generation Green Living
- ✓ Based on the resource-efficient design, material selection and expert construction of each innovative residence, a Preliminary EDGE Advanced certification was achieved from the Green Building Council South Africa, at designstage. EDGE certification is a green building rating that leverages best practice to optimise energy, water and materials ...
- ✓ Preliminary EDGE Advanced Certification
